

## Protect Your Investment

## GUN WIPES

EQUIPMENT PROTECTION

Hunting and fishing are an investment of time, patience and money. Equipment itself can be pricey and proper maintenance can be the difference between durability and having to invest in more equipment. Team Realtree Gun Wipes are multi-purpose and can be used to clean, lubricate and protect your firearms and fishing reels from damage that can occur over time. The formula is designed to loosen and remove surface grime and deliver a clean, low friction film of lubricant. Rust inhibitors and special additives penetrate the metal and provide a corrosion barrier for superior rust protection.

The convenient canister easily stores at home, in your pack or in your vehicle.

**Cleans and lubricates firearms and fishing reels**

FEATURE	BENEFIT
